

Lowther Hall

ANGLICAN GRAMMAR SCHOOL

VCE 2023

Hats off to Lowther Hall's 2023 VCE students whose results reflect the combined efforts of girls and staff alike. The ATAR scores achieved by the Class of 2023 are impressive, with more than one third of the cohort being placed in the top 10% of the nation!

Lowther Hall ATAR Scores 2023

NATIONAL

LOWTHER HALL

Lowther Clarke Scholars (Dux)

This year our highest scoring students combined significant leadership roles with their academic studies, reflecting the whole person mission of the School. Niyati Eranki was the 2023 School Captain and Alice Zou held Captaincies in Snowsports and Visual Arts.

How did your leadership position assist you with achieving your VCE results?
"It taught me to be smart and effective with my time. I learnt the importance of collaboration - in my role, I was constantly working with the Prefect Body and committees which was immensely valuable when applied to my schoolwork."

Why you chose the subjects you did?
"I wanted variety, so I made sure to continue French and Business Management in conjunction with my STEM subjects. Being able to learn about such vastly different topics each day in classrooms with a range of different people maintained my love for learning and kept me motivated."

Niyati Eranki
 School Captain (Prefect)
 VCE Baccalaureate

Alice reflected as follows when she was congratulated on being awarded the title of 2023 Lowther Clarke Scholar (Dux), with Niyati:

How did your leadership positions help you to achieve your excellent score?
"Having leadership positions helped me to keep a good balance between cocurricular and academics. Leading in sports and arts provided a break from study which helped me enjoy the year".

You studied two languages in VCE, what was that experience like?
"Learning a language is fun, hard work but ultimately very rewarding. On exchange to Japan this year it amazed me how much of the language I could understand; I've learnt so much over the last few years".

Alice Zou
 Snowsports Captain
 Visual Arts Co-Captain
 VCE Baccalaureate

High scores across the board!

Once again in 2023, students excelled in a variety of disciplines: a reflection of the way in which Lowther Hall's broad curriculum caters to a range of students with different strengths and passions. Scores of 40 or more were achieved by more than 20% of students in the following subjects:

ATAR Scores of 90 or higher High Achievers:

33%
OF ATAR SCORES
90+

We congratulate the following students who have achieved an ATAR of 90 or higher.* As the information below each name demonstrates, these students studied a diverse range of subjects and many of them combined their academic studies with a leadership position within the School. Students who studied a language other than English in conjunction with either Specialist Mathematics and/or Mathematical Methods are awarded the VCE Baccalaureate in addition to the standard VCE Certificate. *Only students who have given permission for results to be published are represented. The students appear alphabetically.

Perfect Study Scores

Emma Forsyth and Ruby McInnes were rewarded for their consistent diligence and commitment to excellence, when they achieved Perfect Scores for Health and Human Development, and Visual Communication Design respectively, in 2023.

Emma Forsyth

- > Biology
- > English
- > General Mathematics
- ★ **Health and Human Development**
- > Psychology

"The Health and Human Development (HHD) content was always so interesting since I began in Unit 1 which made studying for it fun rather than something I had to do. My love and passion for HHD was fostered by the class and my teacher Ms Hubeek. I looked forward to classes and enjoyed every minute as well as studying for SACs and the exam. Ms Hubeek was my rock through this year and this study score would not have been possible without her. I was consistently ahead with my notes and knowledge of content which assisted me to understand the content in class. HHD was something I genuinely had so much passion for which made study easier, helping me to study enough to understand and apply the content to the best of my ability."

Ruby McInnes VCE Baccalaureate

- > Auslan
- > Business Management
- > English
- > Mathematical Methods
- > Psychology
- ★ **Visual Communication Design**

Nominated for Top Designs

"I enjoyed the creative aspect and freedom of expression Visual Communication Design offered. Additionally the more practical element of going through the design process made the subject more enjoyable and allowed me to combine multiple areas of design. I could not have completed this subject without Mr Phillips' support and guidance. Having a teacher that was so encouraging and helpful created a very positive classroom environment, which overall made this year so enjoyable and beneficial. I never expected to get a 50, however I think selecting a subject that I enjoyed and was passionate about helped me feel motivated to study and put my all into my project."
